

**INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF  
THE 66 SCHOLARSHIP FOUNDATION**

**REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS**

**Opinion**

We have audited the annexed financial statements of **The 66 Scholarship Foundation**, which comprise the statement of financial position as at June 30, 2023, and the statement of income and expenditure, the statement of other comprehensive income, the statement of changes in accumulated fund, the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, statement of income and expenditure, statement of other comprehensive income, the statement of changes in accumulated fund and the statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Foundation's affairs as at June 30, 2023 and of the surplus, the other comprehensive income, the changes in accumulated fund and its cash flows for the year then ended.

**Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Foundation in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Information Other than the Financial Statements and Auditor's Report Thereon**

Management is responsible for the other information. The other information comprises the information included in the director's report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent

with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Responsibilities of Management and Board of Directors for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017(XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Foundation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Foundation or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Foundation's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Foundation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Foundation to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

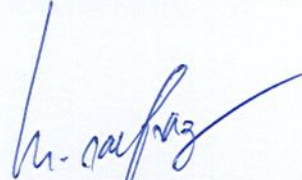

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

### **Report on Other Legal and Regulatory Requirements**

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Foundation as required by the Companies Act, 2017 (XIX of 2017);
- b) the statement of financial position, the statement of income and expenditure, the statement of other comprehensive income, the statement of changes in accumulated fund and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- c) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Foundation's business; and
- d) no Zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

Director

(A Company Incorporated under section 42 of Companies Act, 2017)

**Notes to The Financial Statements  
For The Year Ended June 30, 2023**

**1 The Foundation and Its Activities:**

**1.1** The 66 Scholarship Foundation is a company limited by guarantee not having share capital, incorporated on December 18, 2017 and licensed as a non-profit organization dated November 07, 2017 vide licence No. 1141 under section 42 of Companies Act, 2017. The Foundation is principally engaged in raising funds in Pakistan and being formed with the primary object "to provide scholarships to students and grant aid including supply of books, stipends, medals, prizes, grants, awards, medicines, educational career support, bursaries and other incentives for purposes of advancement of knowledge, education and literacy. The registered office of the Foundation is situated at House # 68, Block L, Model Town Ext, Lahore.Punjab.

**2 Basis of Accounting:**

**2.1 Statement of Compliance**

These financial statements have been prepared in accordance with the accounting standards and reporting standards as applicable in Pakistan. The approved accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards for Small and Medium Sized Entities (IFRS for SMEs) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Accounting Standard for Not for Profit Organizations (Accounting Standard for NPOs) issued by Institute of Chartered Accountant of Pakistan as notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRS for SMEs or the Accounting Standards for NPOs, the provisions of and directives issued under the Companies Act, 2017 have been followed.

**2.2 Basis of Measurement**

These financial statements have been prepared under historical cost convention. All transaction reflected in these financial statements are on accrual basis except for those reflected in cash flows statements.

**2.3 Functional and Presentation Currency**

Items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates. The financial statements are presented in Pak Rupees, which is the Foundation's functional and presentation currency. All the financial information presented in Rupees has been rounded off to the nearest rupee, unless otherwise agreed.

### 3 Use of Estimates And Judgements

The preparation of financial statement in conformity with approved accounting standards requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

- Useful lives and residual values of depreciable assets
- Impairment of financial instrument
- Provisions and contingencies

### 4 Significant Accounting Policies

The significant accounting policies adopted in the preparation of these financial statements are set out below which have been consistently applied to all the years presented.

#### 4.1 Property, Plant & Equipment

Property, Plant and Equipments are stated at cost less accumulated depreciation and any identified impairment loss, except for freehold land which is stated at cost. Cost comprises of acquisition and other directly attributable costs.

Depreciation on all property, plant and equipment is charged to income and expenditure statement on reducing balance method so as to write off the historical cost of an asset over its estimated useful life at the rates referred to in note 5 to the financial statements.

Depreciation on additions to property, plant and equipment is charged from the month in which the asset is acquired or capitalized, while no depreciation is charged for the month in which the asset is disposed off.

Depreciation methods, residual values and the useful lives of the assets are reviewed at least at each financial year end and adjusted prospectively, if impact on depreciation is significant.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Foundation and the cost of the item can be measured reliably. All other repair and maintenance costs are charged to income and expenditure statement during the period in which they are incurred.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Foundation and the cost of the item can be measured reliably. All other repair and maintenance costs are charged to income and expenditure statement during the period in which they are incurred.

The Company assesses at each balance sheet date whether there is any indication that fixed assets may be impaired. If such indication exists, the carrying amounts of such assets are reviewed to assess whether they are recorded in excess of their recoverable amounts. Where carrying values exceed the respective recoverable amounts, assets are written down to their recoverable amounts and the resulting impairment loss is recognized in statement of income and expenditure. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. Where an impairment loss is recognized, the depreciation charge is adjusted in the future periods to allocate the asset's revised carrying amount over its estimated useful life.

An item of equipment is derecognized upon disposal when no future economic benefits are expected from its use or disposal. Gain or loss on sale of an item of property, plant and equipment are determined by comparing the proceeds from sale with the carrying amount of property, plant and equipment and is recognized in statement of income and expenditure.

#### **4.2 Impairment**

The carrying amounts of the Company's assets are reviewed at each statement of financial position date to determine whether there is any indication of impairment. If such indication exists, the recoverable amount of such asset is estimated. An impairment loss is recognized wherever the carrying amount of the asset exceeds its recoverable amount. Impairment losses are recognized in profit and loss account. A previously recognized impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognized. If that is the case, the carrying amount of the asset is increased to its recoverable amount. That increased amount cannot exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in profit and loss account.

#### **4.3 Cash and Cash Equivalents**

Cash and cash equivalents are carried in the statement of financial position at cost. For the purpose of statement of cash flows, cash and cash equivalents comprise cash in hand, cash with banks in current and saving accounts and other short term financial assets with original term of up to one month and are valued at specific nominal values.

#### **4.4 Surplus for the Year, Member Fund and Restricted :**

The Surplus for the year is restricted for achieving the objectives of the foundation.

The Member Fund and Restricted are restricted for achieving the objectives of the foundation.

#### **4.5 Other Payables**

Other payables are non derivative financial liabilities and are recognized initially at fair value less any directly attributable transaction costs. Subsequent to initial recognition, these financial liabilities are measured at amortized cost using the effective interest rate method if applicable. The Foundation derecognizes a financial liability when its contractual obligations

#### 4.6 Provisions and Contingencies

Provisions are recognized when the Foundation has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. However provisions are reviewed at each statement of financial position date and are adjusted to reflect the current best estimate. Where outflow of resources embodying economic benefits is not probable, a contingent liability is disclosed, unless the possibility of outflow is remote.

#### 4.7 Foreign Currency Transactions

Transactions in foreign currencies are translated to the respective functional currencies of the Foundation at exchange rates at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies at the reporting date are translated to the functional currency at the exchange rate at that date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are retranslated to the functional currency at the exchange rate at the date that the fair value was determined. Non-monetary items that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Foreign currency differences arising on translation are generally recognized in income and expenditure statement.

#### 4.8 Income Recognition

##### Charity, Donation and Zakat

Donations are recognized in income and expenditure statement when received either in cash or in bank account.

##### Profit from Banks

Profit from bank balances are recognized on a time proportion basis on the principal amount and at the applicable rate.

#### 4.9 Investment

Investment is accounted for using equity method of accounting. Under the equity method, the investment is initially recognized at cost., and carrying amount is increased or decreased to recognize the income or expenditure of the investee after the date of acquisition.

The Company determines at each reporting date whether there is any objective evidence that the investment is impaired. If this is the case, the Company calculates the amount of impairment as the difference between the recoverable amount and its carrying value and recognizes the amount in the statement of income and expenditure

#### 4.10 Taxation

Income tax expense represents tax expense for current and prior years. Provision for current taxation is based on taxable income at the current rates of taxation after taking into account tax credits and tax rebates, if any.

Subject to certain conditions, the Foundation is entitled to 100% tax credit of the income tax payable, including minimum and final taxes payable, under section 100C of the Income Tax Ordinance, 2001. Therefore, no provision of current income tax has been accounted for in these financial statements.

(The Company Incorporated under section 42 of the Companies Act, 2017)

Chief Executive

  
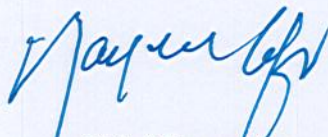

Director

(A Company Incorporated under section 42 of Companies Act, 2017)

**Notes to The Financial Statements  
For The Year Ended June 30, 2023**

**1 The Foundation and Its Activities:**

**1.1 The 66 Scholarship Foundation** is a company limited by guarantee not having share capital, incorporated on December 18, 2017 and licensed as a non-profit organization dated November 07, 2017 vide licence No. 1141 under section 42 of Companies Act, 2017. The Foundation is principally engaged in raising funds in Pakistan and being formed with the primary object "to provide scholarships to students and grant aid including supply of books, stipends, medals, prizes, grants, awards, medicines, educational career support, bursaries and other incentives for purposes of advancement of knowledge, education and literacy. The registered office of the Foundation is situated at House # 68, Block L, Model Town Ext, Lahore.Punjab.

**2 Basis of Accounting:**

**2.1 Statement of Compliance**

These financial statements have been prepared in accordance with the accounting standards and reporting standards as applicable in Pakistan. The approved accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards for Small and Medium Sized Entities (IFRS for SMEs) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Accounting Standard for Not for Profit Organizations (Accounting Standard for NPOs) issued by Institute of Chartered Accountant of Pakistan as notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRS for SMEs or the Accounting Standards for NPOs, the provisions of and directives issued under the Companies Act, 2017 have been followed.

**2.2 Basis of Measurement**

These financial statements have been prepared under historical cost convention. All transaction reflected in these financial statements are on accrual basis except for those reflected in cash flows statements.

**2.3 Functional and Presentation Currency**

Items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates. The financial statements are presented in Pak Rupees, which is the Foundation's functional and presentation currency. All the financial information presented in Rupees has been rounded off to the nearest rupee, unless otherwise agreed.

### 3 Use of Estimates And Judgements

The preparation of financial statement in conformity with approved accounting standards requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

- Useful lives and residual values of depreciable assets
- Impairment of financial instrument
- Provisions and contingencies

### 4 Significant Accounting Policies

The significant accounting policies adopted in the preparation of these financial statements are set out below which have been consistently applied to all the years presented.

#### 4.1 Property, Plant & Equipment

Property, Plant and Equipments are stated at cost less accumulated depreciation and any identified impairment loss, except for freehold land which is stated at cost. Cost comprises of acquisition and other directly attributable costs.

Depreciation on all property, plant and equipment is charged to income and expenditure statement on reducing balance method so as to write off the historical cost of an asset over its estimated useful life at the rates referred to in note 5 to the financial statements.

Depreciation on additions to property, plant and equipment is charged from the month in which the asset is acquired or capitalized, while no depreciation is charged for the month in which the asset is disposed off.

Depreciation methods, residual values and the useful lives of the assets are reviewed at least at each financial year end and adjusted prospectively, if impact on depreciation is significant.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Foundation and the cost of the item can be measured reliably. All other repair and maintenance costs are charged to income and expenditure statement during the period in which they are incurred.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Foundation and the cost of the item can be measured reliably. All other repair and maintenance costs are charged to income and expenditure statement during the period in which they are incurred.

The Company assesses at each balance sheet date whether there is any indication that fixed assets may be impaired. If such indication exists, the carrying amounts of such assets are reviewed to assess whether they are recorded in excess of their recoverable amounts. Where carrying values exceed the respective recoverable amounts, assets are written down to their recoverable amounts and the resulting impairment loss is recognized in statement of income and expenditure. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. Where an impairment loss is recognized, the depreciation charge is adjusted in the future periods to allocate the asset's revised carrying amount over its estimated useful life.

An item of equipment is derecognized upon disposal when no future economic benefits are expected from its use or disposal. Gain or loss on sale of an item of property, plant and equipment are determined by comparing the proceeds from sale with the carrying amount of property, plant and equipment and is recognized in statement of income and expenditure.

#### **4.2 Impairment**

The carrying amounts of the Company's assets are reviewed at each statement of financial position date to determine whether there is any indication of impairment. If such indication exists, the recoverable amount of such asset is estimated. An impairment loss is recognized wherever the carrying amount of the asset exceeds its recoverable amount. Impairment losses are recognized in profit and loss account. A previously recognized impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognized. If that is the case, the carrying amount of the asset is increased to its recoverable amount. That increased amount cannot exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in profit and loss account.

#### **4.3 Cash and Cash Equivalents**

Cash and cash equivalents are carried in the statement of financial position at cost. For the purpose of statement of cash flows, cash and cash equivalents comprise cash in hand, cash with banks in current and saving accounts and other short term financial assets with original term of up to one month and are valued at specific nominal values.

#### **4.4 Surplus for the Year, Member Fund and Restricted :**

The Surplus for the year is restricted for achieving the objectives of the foundation.

The Member Fund and Restricted are restricted for achieving the objectives of the foundation.

#### **4.5 Other Payables**

Other payables are non derivative financial liabilities and are recognized initially at fair value less any directly attributable transaction costs. Subsequent to initial recognition, these financial liabilities are measured at amortized cost using the effective interest rate method if applicable. The Foundation derecognizes a financial liability when its contractual obligations

#### **4.6 Provisions and Contingencies**

Provisions are recognized when the Foundation has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. However provisions are reviewed at each statement of financial position date and are adjusted to reflect the current best estimate. Where outflow of resources embodying economic benefits is not probable, a contingent liability is disclosed, unless the possibility of outflow is remote.

#### **4.7 Foreign Currency Transactions**

Transactions in foreign currencies are translated to the respective functional currencies of the Foundation at exchange rates at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies at the reporting date are translated to the functional currency at the exchange rate at that date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are retranslated to the functional currency at the exchange rate at the date that the fair value was determined. Non-monetary items that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Foreign currency differences arising on translation are generally recognized in income and expenditure statement.

#### **4.8 Income Recognition**

##### **Charity, Donation and Zakat**

Donations are recognized in income and expenditure statement when received either in cash or in bank account.

##### **Profit from Banks**

Profit from bank balances are recognized on a time proportion basis on the principal amount and at the applicable rate.

#### **4.9 Investment**

Investment is accounted for using equity method of accounting. Under the equity method, the investment is initially recognized at cost., and carrying amount is increased or decreased to recognize the income or expenditure of the investee after the date of acquisition.

The Company determines at each reporting date whether there is any objective evidence that the investment is impaired. If this is the case, the Company calculates the amount of impairment as the difference between the recoverable amount and its carrying value and recognizes the amount in the statement of income and expenditure

#### **4.10 Taxation**

Income tax expense represents tax expense for current and prior years. Provision for current taxation is based on taxable income at the current rates of taxation after taking into account tax credits and tax rebates, if any.

Subject to certain conditions, the Foundation is entitled to 100% tax credit of the income tax payable, including minimum and final taxes payable, under section 100C of the Income Tax Ordinance, 2001. Therefore, no provision of current income tax has been accounted for in these financial statements.

(The Company Incorporated under section 42 of the Companies Act, 2017)

All the financial information presented in Rupees has been rounded off to the nearest rupee, unless otherwise agreed.

### 3 Use of Estimates And Judgements

The preparation of financial statement in conformity with approved accounting standards requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

- Useful lives and residual values of depreciable assets
- Impairment of financial instrument
- Provisions and contingencies

### 4 Significant Accounting Policies

The significant accounting policies adopted in the preparation of these financial statements are set out below which have been consistently applied to all the years presented.

#### 4.1 Property, Plant & Equipment

Property, Plant and Equipments are stated at cost less accumulated depreciation and any identified impairment loss, except for freehold land which is stated at cost. Cost comprises of acquisition and other directly attributable costs.

Depreciation on all property, plant and equipment is charged to income and expenditure statement on reducing balance method so as to write off the historical cost of an asset over its estimated useful life at the rates referred to in note 5 to the financial statements.

Depreciation on additions to property, plant and equipment is charged from the month in which the asset is acquired or capitalized, while no depreciation is charged for the month in which the asset is disposed off.

Depreciation methods, residual values and the useful lives of the assets are reviewed at least at each financial year end and adjusted prospectively, if impact on depreciation is significant.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Foundation and the cost of the item can be measured reliably. All other repair and maintenance costs are charged to income and expenditure statement during the period in which they are incurred.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Foundation and the cost of the item can be measured reliably. All other repair and maintenance costs are charged to income and expenditure statement during the period in which they are incurred.

The Company assesses at each balance sheet date whether there is any indication that fixed assets may be impaired. If such indication exists, the carrying amounts of such assets are reviewed to assess whether they are recorded in excess of their recoverable amounts. Where carrying values exceed the respective recoverable amounts, assets are written down to their recoverable amounts and the resulting impairment loss is recognized in statement of income and expenditure. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. Where an impairment loss is recognized, the depreciation charge is adjusted in the future periods to allocate the asset's revised carrying amount over its estimated useful life.

An item of equipment is derecognized upon disposal when no future economic benefits are expected from its use or disposal. Gain or loss on sale of an item of property, plant and equipment are determined by comparing the proceeds from sale with the carrying amount of property, plant and equipment and is recognized in statement of income and expenditure.

#### **4.2 Impairment**

The carrying amounts of the Company's assets are reviewed at each statement of financial position date to determine whether there is any indication of impairment. If such indication exists, the recoverable amount of such asset is estimated. An impairment loss is recognized wherever the carrying amount of the asset exceeds its recoverable amount. Impairment losses are recognized in profit and loss account. A previously recognized impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognized. If that is the case, the carrying amount of the asset is increased to its recoverable amount. That increased amount cannot exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in profit and loss account.

#### **4.3 Cash and Cash Equivalents**

Cash and cash equivalents are carried in the statement of financial position at cost. For the purpose of statement of cash flows, cash and cash equivalents comprise cash in hand, cash with banks in current and saving accounts and other short term financial assets with original term of up to one month and are valued at specific nominal values.

#### **4.4 Surplus for the Year, Member Fund and Restricted :**

The Surplus for the year is restricted for achieving the objectives of the foundation.

The Member Fund and Restricted are restricted for achieving the objectives of the foundation.

#### **4.5 Other Payables**

Other payables are non derivative financial liabilities and are recognized initially at fair value less any directly attributable transaction costs. Subsequent to initial recognition, these financial liabilities are measured at amortized cost using the effective interest rate method if applicable. The Foundation derecognizes a financial liability when its contractual obligations

#### 4.6 Provisions and Contingencies

Provisions are recognized when the Foundation has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. However provisions are reviewed at each statement of financial position date and are adjusted to reflect the current best estimate. Where outflow of resources embodying economic benefits is not probable, a contingent liability is disclosed, unless the possibility of outflow is remote.

#### 4.7 Foreign Currency Transactions

Transactions in foreign currencies are translated to the respective functional currencies of the Foundation at exchange rates at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies at the reporting date are translated to the functional currency at the exchange rate at that date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are retranslated to the functional currency at the exchange rate at the date that the fair value was determined. Non-monetary items that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Foreign currency differences arising on translation are generally recognized in income and expenditure statement.

#### 4.8 Income Recognition

##### **Charity, Donation and Zakat**

Donations are recognized in income and expenditure statement when received either in cash or in bank account.

##### **Profit from Banks**

Profit from bank balances are recognized on a time proportion basis on the principal amount and at the applicable rate.

#### 4.9 Investment

Investment is accounted for using equity method of accounting. Under the equity method, the investment is initially recognized at cost., and carrying amount is increased or decreased to recognize the income or expenditure of the investee after the date of acquisition.

The Company determines at each reporting date whether there is any objective evidence that the investment is impaired. If this is the case, the Company calculates the amount of impairment as the difference between the recoverable amount and its carrying value and recognizes the amount in the statement of income and expenditure

#### 4.10 Taxation

Income tax expense represents tax expense for current and prior years. Provision for current taxation is based on taxable income at the current rates of taxation after taking into account tax credits and tax rebates, if any.

Subject to certain conditions, the Foundation is entitled to 100% tax credit of the income tax payable, including minimum and final taxes payable, under section 100C of the Income Tax Ordinance, 2001. Therefore, no provision of current income tax has been accounted for in these financial statements.

(The Company Incorporated under section 42 of the Companies Act, 2017)
